

Parent Note

PreK3

Week 27

Welcome to our new classmate, Rylee Ninnemann!

We have now covered the basic shapes and will be moving into rhyming fun with Dr. Seuss. Shapes will continue to be used and reviewed, especially square, rectangle, and diamond, which a few of us are still learning to identify. Our extended day has allowed us to spend more time working on projects and singing with the guitar all together. It has been working well.

Date(s) to remember:

March 16th: St. Patrick's Day Party / Bring a Friend to School (also April 28th)

March 26th: Bunny Brunch: following 10:30 am Sunday morning Mass

April 14th-18th: No School, Easter Break

Featured Resource(s)

The Shape of Things, by Dayle Ann D

The Dot, by Peter H. Reynolds

Shapes are Everywhere, by Charles Gihgna

Mouse Shapes, by Ellen Stoll Walsh

Other Resource(s): <http://sothprek.weebly.com> classroom site

Reminders : The colder weather is upon us. **Please remember to send boots, snow pants, hats, gloves and scarves** because we do try to get outside each morning **unless it below 0 °F**. Most importantly, please **label these items** with your name so they can be easily identified. Thank you.

Sneak Peek into next week! We will be reading from our Dr. Seuss library. Please send a square item to show-n-tell with your child as a review on Thursday.

Highlights of our Activities:

Faith (We)

- are practicing making the sign of the cross correctly.
- are learning the Our Father Prayer

Language Arts (We...)

- participated in group read-a-louds by making predictions and answering short questions. ...
- experienced some of our stories this week on the big screen of the SmartBoard.

Math (We...)

- reviewing and using shapes and prepositions to build art work and identify where we are moving to...the round rug, oval green table, square tiles, rectangle tables...
- looked for shapes around the classroom.

Art (We...)

- are constructing and drawing around our shapes to complete beautiful artwork. Check them out above the hallway cubbies!

Science and Social Studies (We...)

- are practicing extra kindness and sharing during play center time.

Movement (This week...)

- with Dr. Staeling we practiced climbing, jumping and walking on balance beams. We also worked as a 'team' to move a sheet loaded with balls across the gym.

Direct your children onto the right path, and when they are older, they will not leave it. Proverbs 22:6
